400CF

400CF Carbon Fiber Rollator

8-inch carbon fiber rollator

The 400CF carbon-fiber rollator pairs a listed 13.5lb equipment weight with a 300lb capacity. Its included cane holder provides a designated place to keep a cane with the rollator when it is not being held.

Adjustable handle position

The listed handle-height range is 32 to 39 inches. Seat height and seat dimensions are specified separately, so the hand position and seated-rest surface can be considered as different parts of the fit.

Carbon-fiber frame and footprint

The carbon-fiber frame has overall dimensions of 24.75 inches wide by 27 inches long. Use these measurements when discussing storage space and handling with ProLine.

FEATURES

- 13.5 lb product weight
- 300 lb weight capacity
- Cane holder
