Blue

Blue Nitrile Exam Gloves

Nitrile gloves in four sizes

Blue nitrile glove packaging; box colors identify sizes

These blue nitrile exam gloves are offered in small, medium, large and extra large. The four-size range supports stocking several hand sizes while keeping the specified nitrile material and blue color consistent.

Choose the required size

Small through extra large are separate size choices. Include the required size and quantity in the request so ProLine can confirm the exact item and packaging being supplied.

Confirm task-specific requirements

Ask ProLine to confirm thickness, sterility, powder status, chemical-resistance testing and certification details if they are required for the intended task. Those specifications are not provided in this listing.
