CP420HS

Universal 6 ft CPAP Tubing, 22 mm

CPAP tubing

CP420HS product image

The CP420HS is a 6-foot length of CPAP tubing with listed 22mm connectors. It offers a clearly specified tubing length and connector size for matching a replacement to an existing setup.

Length and connection details

The 6-foot length describes the hose, while 22 mm describes the listed connectors. Check both details against the device and mask connections when requesting a replacement.

Confirm the tubing requirement

Provide the equipment model when ordering so ProLine can confirm the tubing connection and required features. Ask for product-specific care and replacement instructions and confirm any heating or electrical requirements separately.

FEATURES

- 6 ft tubing
- 22 mm connectors
- Flexible tubing
