CP700NPU

Replacement Nasal Pillow Mask

Nasal pillow interface

CP700NPU product image

The CP700NPU replacement nasal pillow mask includes a swivel elbow with listed 360-degree movement. The rotating connection is the defining mechanical feature of this replacement mask assembly.

Movement at the connection

The swivel elbow allows the connection to change orientation through its listed 360-degree movement. Confirm the device connection and supplied parts with ProLine.

Order the correct replacement

Use the CP700NPU model when confirming this replacement nasal pillow mask. Provide the existing mask and equipment references, and ask ProLine to confirm compatibility and the exact components supplied.

FEATURES

- Swivel elbow
- 360-degree movement
