HC8000SEHR

Semi Electric Homecare Bed with Spring Deck

Homecare bed with dual linear motors

HC8000SEHR bed; included rail/mattress configuration unspecified

The HC8000SEHR is a semi-electric homecare bed with dual linear motors and a split-spring deck. The motor arrangement, spring support surface and extension option identify this bed within the ProLine homecare range.

Semi-electric configuration

Dual linear motors and semi-electric operation are listed for this model. Confirm the positioning controls and height-adjustment method with ProLine when specifying the bed.

Coordinate the sleep surface and extension

The sleep surface is listed at 36 by 80 inches. HCP8EXT is the named extension accessory for the HC8000/HC8500 families. Confirm the mattress, rails, extension components and complete-load basis for the listed 450lb capacity as one coordinated configuration.

FEATURES

- Dual linear motors
- Split-spring deck
- 450 lb capacity
