PA4550F

PA4550F Bariatric Steel Folding Commode

Folding commode with large seat

The PA4550F is a bariatric steel folding commode with an extra-wide blow-molded seat, adjustable seat height and an included bucket.

Folding frame and seated layout

The steel frame folds for storage when the commode is not set up. The seat measures 27 inches wide by 18.5 inches deep, with a seat-height range of 17 to 24 inches.

Included components and capacity confirmation

A 7-quart bucket with carry handle and cover is included. Ask ProLine to confirm the correct weight capacity before selecting this model.

FEATURES

- Folding frame
- Extra-wide blow-molded seat
- 7 qt bucket with handle and cover
- Listed raised-toilet-seat and portable-commode configurations; confirm setup with ProLine
