RNEB100

Compressor Nebulizer

Compressor nebulizer with mask and tubing kit

RNEB100 product image

The RNEB100 compressor nebulizer is supplied as a kit with adult and child masks, a reusable 6ml nebulizer cup, tubing and filters. The included components are identified so the requested kit can be checked as a whole.

A defined accessory package

The kit includes an adult mask, child mask, T-tube/breathing tube, tubing and five filters. The 6 ml cup is listed as reusable; ask for the separate care and replacement instructions for each component.

Match components and instructions

Confirm the required interface, replacement parts and product-specific setup and care instructions with ProLine. Medication compatibility, treatment time and aerosol-performance specifications are not provided in this listing.

FEATURES

- Adult and child masks
- 6 ml reusable cup
- Tubing kit supplied
